

## Vision Benefits – Never pay full price

### Savings on eye care and eyewear from UnitedHealthcare

UnitedHealthcare provides you with vision coverage that not only helps you maintain good eye health; it may also positively affect your overall health and well-being. Research has shown that the eyes provide the only non-invasive view of our blood vessels and comprehensive eye exams may be the first line of defense against diseases such as diabetes, hypertension and heart disease.<sup>1</sup> We want you and your eyes to be healthy, while reducing your out-of-pocket expenses at the same time.<sup>2</sup>

#### Our vision insurance plan provides you with:

- ▶ An eye exam
- ▶ A complete set of eyeglasses or contacts
- ▶ A 20% to 40% discount on popular lens options
- ▶ Access to discounts on laser vision correction
- ▶ Discounts on extra pairs of eyewear

Although you may find advertised specials for eyewear in your local paper, often the best value may come with a comprehensive vision plan. With our vision coverage, you may realize potential savings on your eyewear when you consider the cost of popular lens options like anti-reflective coatings, progressive lenses, or thinner and lighter high index lenses, as well as stylish, high end frames. No matter the frame or lenses you select, with our insurance plan you'll save money.

Here's what you might save if you use one of our network providers:

Services received	Without a vision plan	With a vision plan <sup>3</sup>
Routine eye exam <sup>5</sup>	\$60.00	<b>\$10.00</b>
Glasses (frames and Lenses) copay	\$0.00	<b>\$25.00</b>
